

March *is* Intellectual Disabilities Month

31 years ago, President Ronald Reagan proclaimed March as Developmental Disabilities Awareness Month.. He called upon Americans to provide the “encouragement and opportunities” necessary for people with developmental disabilities to reach their potential. Texana Center’s mission is to ‘unlock’ the potential of the clients, children and adults, we serve. This helps them to reach for the stars and achieve their dreams many of which are to be productive members of their community.

I may have a disability, but I'm not disabled.

Lyle Woodruff recently received his 10 year plaque from the managers of the HEB at River Park in Sugar Land. With the help of Texana’s Supported Employment program, Lyle has successfully held his position of “Candy Manager” and twice a week stocks the candy by the registers.

Texana's Changing Lives Breakfast

At the beginning of February, Texana hosted its Changing Lives Fundraising Breakfast at Weston Lakes Country Club. Members of the Texana Steering Committee and Community Advisory Board hosted tables of guests that were treated to a hearty breakfast before listening to personal stories from a parent whose child receives autism services at Texana and from an adult client who has received help from our applied behavioral analysis vocational rehabilitation program. Our Board of Trustees Chair, Dianne Wilson, served as our mistress of ceremonies and George Haines, VP at OCuSOFT and member of the Texana Community Advisory Board, shared his story of why he supports Texana and believes in the need for the Fulshear Campus.
