

## *Happy Birthday, Texana Center!*

On September 1, 2019, we started our **20th year** in operation. Texana Center has come a long way from only serving around 5,900 in 1999 to over 15,000 people now. It's not just the number of people served that has grown either, there are so many more programs available for all ages and levels of need. We are proud of the accomplishments we have achieved in the last 20 years and are even more excited to see what we will accomplish in the years to come!

If you would like to see a history timeline of Texana Center's **accomplishments**, you can see it [HERE](#).

## Celebrating Texana's 20 years!

On September 6th joined by over 200 of our friends, we kicked off our 20th year in business with an awesome celebration at Briscoe Manor! It was such a fun evening full of food, conversation and dancing. We would like to THANK EVERYONE who joined us in celebrating this milestone occasion!!

We are SUPER excited to announce that this Celebration raised **\$86,000** for Texana's future!!!!

We are so very grateful to each and every one of you who gave during the celebration, purchase sponsorships and donated even though you were not able to attend!! THANK YOU SO VERY MUCH!!!

*A special thank you to our  
longstanding community partners,*

**LEGACY FORD,**  
*for being our 20th Anniversary  
Presenting Sponsor!*

# *More Funding Received for Electronic Medical Record*

## **Thank you to The George Foundation!**

Texana recently received \$550,000 from The George Foundation to upgrade to a new electronic health records system; an investment that will allow Texana to improve communication internally and externally with other health care providers to better serve Fort Bend County citizens. The George Foundation joins the Episcopal Health Foundation in providing support for this important project.

The primary catalyst for the new electronic health record system is the potential for Texana's Behavioral Healthcare Clinics to become Certified Community Behavioral Healthcare Clinics (CCBHCs). CCBHCs provide a comprehensive array of services needed to create access, stabilize clients in crisis, and provide the necessary treatment for those with the most serious, complex

mental illnesses and substance use disorders.

With the help of The George Foundation and the Episcopal Health Foundation, Texana Center will be able to upgrade to myAvatar by Netsmart in 2020. MyAvatar will allow for greater efficiency in communicating with other medical providers who are serving the same patients, while continuing to provide the highest level of security for patient data.

## **Thank You HistoryMaker Homes!**

HistoryMaker Homes made a generous donation of \$2,500 to help with purchasing supplies and equipment for both our Behavioral Healthcare Crisis Center and our Children's Center for Autism Fulshear location.

We are so grateful for this gift and our new friendship!!

## **Congratulations to our Bridge Class graduates!**

Our 8th class has graduated from our Children's Center for Autism Bridge Class. These kiddos will be moving on with their education this school year. We wish them the very best as they continue their educational goals!
