GIVING TUESDAY

Give Back

GivingTuesday is a global day of giving that takes place on December 2, 2025. This movement aims to bring people together to support various meaningful causes. Your support will enable us to continue our work in mental health, autism, and developmental disabilities by helping make a difference in the lives of those we serve.

Texana Center invites you to mark your calendars and join us this season. By participating, you can become part of a larger movement dedicated to creating meaningful and positive change.

As we come together to give back, we can make a lasting impact on individuals with mental health issues and the well-being of individuals with developmental disabilities. Together, we can strengthen our community and support those who rely on our positive life-changing services.
